Greetings all.
It is wonderful to see some sunny weather again after all of the rainy weather that we had towards the end of last week.

Yesterday was the last of our four Hockey Development sessions provided by the Gympie Hockey Association. We are continuing to do hockey as a component of our Physical Education Program and if your child is showing a keen interest in hockey there is still time to sign up for the season at the Gympie Hockey Club.

Tomorrow is the first day of swimming for our Prep students and we encourage parents of these students to come along and help with getting students changed and in and out of the water. Our Prep/1 class has AFL at 9am and will then have a short snack break before walking to the pool to be ready for their swimming lesson at 10.

AusKick continues again tomorrow and we remind everyone that students will need to bring their AFL ball that they received as a part of their promotional backpack. There will be an additional AusKick session held early next week to make up for the session that was cancelled last week due to the bad weather.
### Tuckshop

### Community News

**Get your family active and eating well**

The healthy lifestyle program for families called PEACH™ - Parenting, Eating and Activity for Child Health - is taking registrations now for a group to start in Gympie in term 2.
The **FREE** program is available to families with a child aged between 5-11 years who is above a healthy weight their age.
The program is fun for kids and helps parents and carers make healthy eating and activity a part of every-day life.
It consists of 10 group sessions that run for 90 minutes each. The first 9 sessions are held weekly within the school term. Ongoing individualised family support is offered through the second half of the program ending with one final group session.
Some of the topics covered include nutrition skills, relationships with food and eating, changing family lifestyle behaviours and making healthy eating affordable. While the parent sessions are taking place, children enjoy active play with a trained child physical activity facilitator.
The program is funded by the Queensland government and being delivered by the Queensland University of Technology.
If you would like more information about the PEACH™ program or to register please contact free call 1800 263 519 or visit [www.peachqld.com.au](http://www.peachqld.com.au)
