Greetings all,

Thankyou to all of the parents that travelled to Amamoor last Friday to support our students at the Amamoor Mini Sports Day. I was very impressed with the manner in which all of our students competed to the best of their ability. Whilst it was a particularly successful day for Kandanga, on the back of several lean years, our success can not just be attributed to new students or increased enrolments. We have been working towards our students being more resilient and more active for the past three years and the results are now beginning to show. Our AusKick program that we run at the start of every year, the extended swimming program and the developmental coaching programs we have accessed for hockey and cricket, along with our regular P.E lessons, Chaplaincy Program and in class activities have all contributed to our students having higher levels of resilience and self confidence. This in turn allows them the opportunity to attempt a larger variety of activities and to participate to the best of their ability in activities both in and outside of the classroom.

Well done to our parent relay team for winning the highly prestigious Pineapple Trophy this year and also to the parents brave enough to take on the ball game challenge. We have attached photo’s of sports day to this newsletter.

A reminder for our AusKick participants that the bus departs school at 12:30 on Saturday.

Wishing everyone an enjoyable break.
**Head lice**

As we still have reports of head lice in the school, I encourage every family to check for head lice daily and treat when found. This school holiday break would be a good time for every family to check their children and treat if necessary, this would certainly curtail the current outbreak. Thanking you for your co-operation.

**Wanted**

Photos or memorabilia to be included in our School Centenary. If you have any photos etc. of the school from past years we would love to see them and possibly use them for inclusion in our upcoming School Centenary. Please contact the school if you can assist.

**School Holiday Security**

Help us keep our school secure these holidays

With the winter school holidays starting next week, please look out for after-hours crime in our school.

If you see anything suspicious, please phone the School Watch number – 13 17 88.

If you do see something suspicious, don’t attempt to intervene. Call the School Watch number and let the local police or State Government Protective Security Service deal with the matter.

Keep the number handy – 13 17 88 – and let’s work together to help create a safer school community.

A reminder also that the school is out of bounds to all over the holidays and during out of school hours. The recreation ground is equipped with a playground for children to use.

**Community News**
