Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Implementing an intensive intervention program for students identified through school data (PM Benchmarks, school assessments, teacher observations and student reports) who are at risk of not reaching the National Minimum Standard for Reading and Writing.
- Implement an extensive extension program for students identified through school data (PM Benchmarks, school assessments, teacher observations and student reports) as capable of attaining the upper two bands in Reading and Writing.
- Utilised a Literacy coach to inform the development and implementation of a Whole School Literacy improvement program, including staff professional development.
